Dwelling Location* Dwelling Age*

- Bedroom doors closed when sleeping?
- DIY installation preferred ie no electrician if possible?

Answer the following on a per level basis eg use "Level 0" column if you have single level home, use "Level 0" and "Level 1" for double storey etc

	Level 0
Bedrooms?	<input type="text" value="3"/>
Escape paths?	<input type="text" value="2"/>
Existing mains powered BUT NOT wire interconnect alarms across this level?	<input type="text" value="0"/>
Existing mains powered AND wire interconnect alarms across this level?	<input type="text" value="2"/>
Wiring will be installed to all alarm locations horizontally across this level?	<input checked="" type="checkbox"/>
AutoTest OR ClapSilence OR EscapeLighting required?	<input type="checkbox"/>
Another level above this level?	<input type="checkbox"/>
Existing mains AND wired interconnect to the level above?	<input type="checkbox"/>

Totals		
10Yr Li, Wireless (SS10LNAN)	<input type="text" value="0"/>	Buy Now
Mains, Wired+Wireless (SS10MAMA)	<input type="text" value="0"/>	Buy Now
Mains, Wired (SS10MANN)	<input type="text" value="5"/>	Buy Now

If AutoTest is desired on one or more alarms, replace the MANN alarms with MAMA alarms.
